Heart Rhythm SocietySM

The professional life of Seymour Furman, MD, FHRS, was one of intense curiosity, continuous learning and bold innovation. His contributions and volunteer leadership in supporting the mission of the Heart Rhythm Society (which he helped found) — **To improve the care of patients by promoting research, education, and optimal health care policies and standards** — are incalculable. The Heart Rhythm Society and the Heart Rhythm Foundation are dedicated to keeping this legacy alive with the establishment of **The Furman Fund**.

Established to honor Dr. Furman, **The Furman Fund** focuses on preserving the history of cardiac pacing, inspiring clinicians and students to further develop their careers, and educating the clinical and lay community about the field of heart rhythm management and treatment.

In order to continue Dr. Furman’s vision, we need your help. The Heart Rhythm Society is the premier organization focused on research, education, and advocacy efforts concerning the prevention and treatment of cardiac rhythm disorders. Your charitable contribution will aid in advancing the missions of the Heart Rhythm Society and Foundation and preserve and maintain its influential history.

Please give generously and in the spirit of **The Furman Fund**, as we are the only medical society engaged in preserving the history of the field. *We need to know where we came from to help us know where we are going.*
